

Stop this crap! Do you serve power/money mongers who want to control the media and use the PUBLIC airwaves to advance their sick vomit speak? This is what Hitler and Stalin did. The frequency Sinclair has been PRIVILEGED to use are PUBLIC awards. They want to advance twisted, personal, smears with "Stolen Honor". The only honor lost if this junk airs is yours and Sinclairs. As a government department you are suppose to protect the interests and voice of the people only, not biased corporate or wealthy interests. You work for the public and allowing this broadcast or ANY broadcast of this type is wrong. DO the honorable thing. wrong.
